PERFECTION ON EVERY LEVEL. SOLUTIONS FOR EVERY BODY

With control always just a touch away, Intenza has a spectrum of console solutions to match your members' needs. Impeccably engineered with a sophisticated design that extends down to the smallest detail, Intenza consoles are always the stand-out choice not just because of their superior performance and functionality, but because they consistently deliver maximum results with minimal effort. Intenza in every detail.

#### Entertainment Series

Complete your training with Intenza's e Series and enjoy more than just a stimulating cardio workout. Sophisticated features such as InCare™ self-diagnostic technology, which automatically dispatches a report to our InCare™ Support Team, when routine maintenance or attention is needed, delivers results every time. And, with Wi-fi® and Bluetooth® connectivity, the e Series touchscreen consoles provide a highly-connected consistently captivating experience through Intenzacast™ our industry-leading digital content broadcasting solution, giving members seamless access to entertainment, social media, training apps and more, from their personal devices.

Aptly named the 550 e2+, this console allows operators to level up their cardio floor by curating members' experience through additional options including embedded third-party applications, choice of Hard Black or Soft Grey console and 19" TechTouch™ screen with high resistance to moisture.

Offering performance, user experience and impeccable design in premium materials, the e Series is made without compromise.

INTENZA SOLUTIONS INCARE™

A game changer, Intenza has revolutionised equipment maintenance through InCare™, our self—diagnostic software, created to keep operators, owners and members moving.

Because we believe that prevention is far more cost effective than repair, our world—class customer service begins with InCare™ and our team who operate 24 hours over time zones. With Service Centres in Europe, Asia and North America quick response time translates into reduced machine downtime. InCare™ proactively alerts us when intervention is required thus removing guesswork from identifying maintenance needs— facility operators enjoy the value of innovation, the premium quality associated with Intenza products and control over anticipated schedule disruptions; and members a consistent, versatile and rewarding workout experience.
